Skills Bootcamps

Skills Bootcamps are part of the Government's Lifetime Skills Guarantee - helping everyone gain skills for life.

Skills Bootcamps are free, flexible courses of up to 16 weeks, for adults aged 19 or over. They give people the opportunity to build up valuable sector-specific skills and fast-track to an interview with an employer or take on additional duties or responsibility in current employment.

Skills Bootcamps are developed in partnership with local employers, providers and authorities to help fill skills gaps and vacancies in local areas.

Do you have a training department that could run courses to develop your workforce?

Do you have vacancies requiring sector - specific skills?

Hull City Council (Hull and East Yorkshire LEP) have secured the funding and can guide and support you on this journey.

PERFECT for employers wanting to upskill their workforce.

Contact our Partnership Development Lead to find out more:
